Re: Docket No. 00P-1221/CPI and Docket # 99N-4282

Dear Ms. Henney:

This letter will be short and to the point. We demand that your agency require stringent premarket safety and environmental testing and mandatory labeling of all genetically engineered (GE) foods. As citizens we all have the right to safe, healthy and environmentally responsible foods. We must ensure a healthy world for our children's great great grandchildren.

We would appreciate a response to this letter at your earliest convenience.

Thank you very much,

Brian, Lina & Christine Campopiano
